

**BACK BY POPULAR DEMAND...**

# Interactive Reading & Notetaking Training!

## Summer Schedule!

Join us for a 6 hour interactive session as we *show* you how to combine the research, strategies, standards, and content into a powerful framework that *shows students how to learn!* You will be actively engaged as you become the "student in your classroom," find out the **WHYS** and **HOWs** behind each of the strategies, and create your own interactive notebook to use as a model in the classroom.

We'll turn Cambourne's Model of Learning, Marzano's 9 instructional strategies, the best reading strategies, brain research, plus a whole lot of metacognition into a simple and doable *process* for both you **AND** your students! By setting the stage in Pre-K and moving through all grade levels and all subject areas, Interactive Reading & Notetaking can show *all students how to become independent readers, thinkers, and learners!* Good-bye achievement gap!

**Join us for one of the most useful and POWERFUL workshops you'll ever attend!!!**

**COST:** \$195.00 each

**HOURS:** 9:00 a.m. - 4:30 p.m.

All sessions include Continental Breakfast (8:30 a.m.), Lunch (12:30 p.m.), & Virtual Follow-up Training!

### **BUDGET PERKS!**

Send 3 teachers for the cost of 2!

Send 1 or more teachers and administrator attends for free!

Send in your registration form by July 1 and give yourself a 10% discount!

**REGISTER TODAY! Class size is limited!**

The team at IRN, Inc. has over 35 years of combined experience as teachers, reading specialists, instructional specialists, administrator, and *teachers as researchers*. They bring you their own experiences and insights with the research and strategies from a variety of classrooms!
